Suggested Use

Goats Prefer™ Electrolytes provide a concentrated source of electrolytes and nutrients for goats. May help in maintaining normal fluid and electrolyte balance during scouring, shipping, weather changes, diet changes and shipping/receiving.

Features

- The right concentration of nutrients for rapid absorption.
- Ideal for mass feeding.

Benefits

- All natural.
- No milk withhold or slaughter withdrawal.

Package Sizes and Item Numbers

Goats Prefer™ Revitilyte Plus
1 lb. jar; 12 per case (Item #: 85-600)

Goats Prefer™ Revitilyte Plus Oral Electrolyte and Vitamin Supplement

Goats Prefer™ Revitilyte Plus is a highly soluble premix of vitamins and electrolytes. Add to drinking water to avoid stress-related health problems when animals are being shipped, moved to new housing, on the show circuit, etc. Keeps body electrolytes in proper balance.

Feeding Directions: Administer in drinking water - four ounces fortifies 128 gallons. Administer for 3-5 days. Can be mixed with feed.
