Nutritional Drenches

Goats Prefer™ Calcium Drench Oral Mineral Supplement

Item Number:
85-200
8 oz bottle,
12 per case

Suggested Use: Use on every goat before and after kidding. Calcium Drench provides Calcium, Propylene Glycol and B vitamins to maintain normal calcium levels and appetite following kidding.

Feeding Directions: Provide one ounce at the first sign of kidding and another one ounce 6 to 12 hours after kidding. If the first feeding is missed, a post delivery feeding is still beneficial. Shake well before using. Administer the recommended amount using a drench gun. Hold the head of the animal in a slightly elevated position and carefully place the nozzle into the back of the mouth. Administer the recommended dosage. Do not give to goats that are unable to swallow.

GUARANTEED ANALYSIS

Minimum per fluid ounce

Calcium (min)	3.75 g
Calcium (max)	4.8 g

Goats Prefer™ Keto-Nia Drench Oral High Energy Nutrient Supplement

Item Number:
85-240
8 oz bottle,
12 per case

Suggested Use: Use on every goat before and after kidding. Keto-Nia Drench provides Propylene Glycol, Niacin and other B complex vitamins to maintain normal energy and vitamin levels following kidding.

Feeding Directions: Provide one ounce at the first sign of kidding and another ounce 6 to 12 hours after kidding. If the first feeding is missed, a post delivery feeding is still beneficial. Shake well before using. Administer the recommended amount using a drench gun. Hold the head of the animal in a slightly elevated position and carefully place the nozzle into the back of the mouth. Administer the recommended dosage. Do not give to goats that are unable to swallow.

Minimum per fluid ounce

Niacin	1,702 mg
Vitamin B ₆	8.88 mg
Vitamin B ₁₂	8.88 mcg

Goats Prefer™ Power Punch High Potency Nutrient and Energy Drench

Item Number:
85-260
8 oz bottle,
12 per case

Suggested Use: Power Punch is carefully formulated to help support normal energy levels, appetite and digestion. Administer to goats when kidding, weaning, vaccinating, handling, weather changes, shipping or post antibiotic treatment.

Feeding Directions: Provide 1 ounce per 100 lb. body weight. Administer no more than 3 feedings per day. Shake or mix well before using. Administer the recommended amount using a drench gun. Hold the head of the animal in a slightly elevated position and carefully place the nozzle into the back of the mouth. Administer the recommended dosage. Do not give to goats that are unable to swallow. You may also top dress or add to milk or milk replacer if desired. If conditions do not improve, consult your veterinarian.

Goats Prefer™ Probiotic Power

Contains a source of live (viable) naturally occurring microorganisms

Item Number: 85-400
1 lb. jar,
12 jars per case

Suggested Use: Probiotic Power is a stabilized source of Lactic Acid Bacteria including *Lactobacillus acidophilus* DDS-1 and certain vitamins. Administer to any animal at times of stress, which can occur during ration changes, birth, weaning, shipping, weather changes and following antibiotic treatment. Helps maintain normal appetite and digestion following stressful events.

Feeding Directions: Add to TMR, top dress or mix into ground feed, water, milk or milk replacer.

Kid:

Birth 2.5 g/head/day
Milk/Milk Replacer 2.5 g/head/day

Adult Goat:

Maintenance 2.5 g/head/day
Breeding/Lactating 5 g/head/day

In severe stress conditions, the serving may be doubled. One scoop (included) equals 5 grams.

Goats Prefer™ Probiotic Plus Paste

Contains a source of live (viable) naturally occurring microorganisms

Item Number: 85-410
80 cc tube (dial tube),
12 tubes per case

Suggested Use: Probiotic Plus Paste provides Lactic Acid Bacteria including *Lactobacillus acidophilus* DDS-1 and vitamins to maintain normal appetite and natural immunity. Administer to goats at times of stress. Stress occurs at birth, during shipping, ration changes, weather changes and following antibiotic therapy.

Feeding Directions: Select recommended dosage (newborn - 1 to 2 cc; adult goat - 5 cc) and remove the cap. Hold the head of the animal in a slightly elevated position and place the nozzle on the back of the tongue. Administer the recommended dosage slowly, allowing the animal time to swallow. Do not give to animals that are unable to swallow.

Shampoo

Goats Prefer™ Natural Oatmeal Shampoo

Item Number:
85-900
13 oz. bottle,
6 bottles per case

Indications: Goats Prefer™ Natural Oatmeal Shampoo is a unique blend of natural ingredients and soothing oatmeal. This anti-itch, pH balanced formula deep cleans the skin and coat removing dirt, grease and grime. Additionally Natural Oatmeal Shampoo conditions, moisturizes and deodorizes your goat's coat. Recommended for use with animals that have dry or sensitive skin.

Directions: Pour one oz. of Goats Prefer™ Natural Oatmeal Shampoo into a large pail, using more for heavy sudsing. Add one-gallon water. Apply with a sponge, working up a lather on all parts of the animal's body. For best results, allow lather to remain for three minutes and rinse thoroughly with clean water and towel dry. In cold weather, blanket or walk the animal until completely dry.
